

PROJECT NO. 33025

RULEMAKING TO AMEND	§	PUBLIC UTILITY COMMISSION
COMMISSION SUBSTANTIVE RULES	§	
CONSISTENT WITH §25.43, PROVIDER	§	OF TEXAS
OF LAST RESORT (POLR)	§	

ORDER ADOPTING AMENDMENTS TO §§25.5, 25.472, 25.473, 25.474, 25.475, 25.478, 25.480, 25.481, 25.483, 25.485, 25.488, 25.491, AND 25.493, AND REPEAL OF §25.482 AS APPROVED AT THE FEBRUARY 9, 2007 OPEN MEETING

The Public Utility Commission of Texas (commission) adopts the amendments to §25.5, relating to Definitions; §25.472, relating to Privacy of Customer Information; §25.473, relating to Non-English Language Requirements; §25.474, relating to Selection of Retail Electric Provider; §25.481, relating to Unauthorized Charges; §25.491, relating to Record Retention and Reporting Requirements; and §25.493, relating to Acquisition and Transfer of Customers from One Retail Electric Provider to Another with no changes to the proposed text as published in the November 10, 2006, issue of the *Texas Register* (31 TexReg 9177); and repeals §25.482, relating to Termination of Service as published in the November 10, 2006, issue of the *Texas Register* (31 TexReg 9183). The commission adopts §25.475, relating to Information Disclosures to Residential and Small Commercial Customers; §25.478, relating to Credit Requirements and Deposits; §25.480, relating to Bill Payment and Adjustments; §25.483, relating to Disconnection of Service; §25.485, relating to Customer Access and Complaint Handling; §25.488, relating to Procedures for a Premise with No Service Agreement with changes to the proposed text as published in the November 10, 2006, issue of the *Texas Register* (31 TexReg 9177). The amendments and repeal, change or eliminate these sections to comport with §25.43, Provider of Last Resort (POLR), which detail when a customer may receive or be placed on POLR service. Recent amendments to §25.43 contemplated that all Retail Electric Providers (REPs) would request disconnection for customers who have not paid their bills, rather than continuing current

procedures that permit a REP to transfer a non-paying customer to the Affiliated REP. The amendments also make other changes to conform various customer protection rules to the new §25.43. These rules are competition rules subject to judicial review as specified in Public Utility Regulatory Act (PURA) §39.001(e). Project Number 33025 is assigned to this proceeding.

The commission received comments from Alliance for Retail Markets, CPL Energy, LP, Direct Energy, LP, First Choice Power, LP, Gexa Energy, LP, Green Mountain Energy Company, Reliant Energy Retail Services, LLC, Stream Energy, Texas Energy Association for Marketers, TXU Energy Retail, LP, and WTU Retail Energy, LP (collectively “Retail Electric Provider (REP) Coalition”); and Texas Energy Association for Marketers, Liberty Power Texas, LLC, and Strategic Energy (collectively, “Competitive REPs”).

Responses to the preamble question:

In the preamble, the commission requested that interested parties provide comments on the following question:

Is there any other language in the Substantive Rules not identified herein that needs to be amended so that it comports with §25.43, POLR? If so, please suggest how the language should be amended.

The REP Coalition noted that §25.475(f), Electricity Facts Label (EFL), prescribes language that must be included in the EFL for a variable rate product. The REP Coalition stated that because

the POLR rate is variable, paragraph (1)(C) would seem to require disclosure of an average price for residential and small commercial (<50 kW peak demand) customers. The REP Coalition claimed that due to the nature of POLR service, a meaningful average price is not known and historic prices are by no means indicative of what a customer might be billed while on a POLR rate. The REP Coalition pointed out that pursuant to §25.43(k)(1)(A) and §25.43(k)(1)(B), the minimum price for POLR service for residential and small commercial customers is known, and recommended that the disclosure language be modified to allow for the POLR EFL to indicate that the rates shown are the “minimum” rates for POLR service. The REP Coalition recommended that in the alternative, the rule should be amended so that no total cents per kWh price disclosure is required on any POLR EFL.

Commission response

The commission agrees with the REP Coalition’s recommendation to modify the disclosure language to allow for the POLR EFL to indicate that the rates shown are the “minimum” rates for POLR service, and has made the recommended changes. As modified, this requirement still only applies to residential and small commercial POLR customer classes, and the change only applies to POLR service and not plans linked to POLR pricing.

The REP Coalition recommended a corresponding change to §25.475(f)(6), which details the format of the EFL. The REP Coalition recommended that for POLR customers, the language should be “Minimum price per kilowatt-hour” instead of “Average price per kilowatt-hour.”

Commission response

The commission agrees with the REP Coalition and has made the recommended changes.

The REP Coalition included an additional issue in their response to the commission's question posed in the preamble, regarding the generic "Your Rights as a Customer" document provided on the PUC website. The REP Coalition suggested that once §25.482 is repealed upon conclusion of this project, the commission should consider removing the references to terminating service as it is allowed under this section.

Commission response

The commission agrees that such changes will need to be made upon conclusion of this project.

§25.475, Terms of service document

The REP Coalition proposed to delete §25.475(d)(5)(N)(ii). They argued that this no longer applies since a REP can no longer terminate service to a particular customer and transfer the customer to POLR based on changing market conditions.

Commission response

The commission disagrees with this proposed change. This language was originally located in §25.482 to protect customers from one sided contracting on the part of the REP. The commission previously determined that if the REP has the ability to terminate the service agreement if market conditions change, the customer should also have that ability and sees no need to eliminate that ability now. While it is true that the customer can no longer be

transferred to the POLR in these circumstances, the customer should retain the right to be released from its service agreement if market conditions change and the REP has the ability to cancel the contract if market conditions change. Additionally, it needs to be clarified that §25.475(d)(5)(N) gives the customer the ability to terminate service “without penalty.” This language currently appears in §25.482(i) but was inadvertently deleted when the subsection was moved from the current §25.482 to the proposed §25.475. The commission has re-inserted the “without penalty” language as the clarification is essential to the original intent of subparagraph (N).

§25.478, Credit Requirements and Deposits

The REP Coalition recommended that the word “terminate” not be deleted in §25.478(j)(3), as proposed. The REP Coalition explained that although the commission’s rules under this instant project will no longer contemplate that a REP can terminate a customer and drop them to POLR, a customer could nonetheless terminate its own service. The REP Coalition proffered the example that any time a customer switches to another REP or cancels its service, service with the previous REP is terminated, and the REP should no longer be permitted to hold a deposit or letter of guarantee for amounts in excess of any unpaid bills for service.

Commission response

The commission agrees with the REP Coalition and has made the recommended changes with a minor modification to their proposed language. The commission alters the REP Coalition’s recommended language from “or terminate by the customer” to “or the service is terminated by the customer,” for clarity.

§25.480, Bill Payment and Adjustments

The REP Coalition suggested deleting the “as appropriate” language from §25.480(j)(6)(F). The REP Coalition stated that the parenthetical “as appropriate” was included in the existing rules to indicate that either “disconnection” or “termination” applied, depending on the REP’s status with respect to disconnection rights. The REP Coalition commented that with the instant rule amendments, only disconnection applies and the parenthetical is no longer necessary.

Commission response

The commission agrees with the REP Coalition and has made the recommended changes.

§25.483, Disconnection of Service

The REP Coalition recommended deleting §25.483(b)(1). The REP Coalition claimed that as amended, subsection (b)(2) makes subsection (b)(1) superfluous, as all REPs will have the authority to authorize disconnection of all customers pursuant to commission rules. The REP Coalition stated that there is no longer a reason to bifurcate the authority to disconnect by customer classes. The REP Coalition further stated that §25.43 does not allow a REP to transfer its customer to the POLR for non-payment. The REP Coalition concluded that the provision in §25.483(b)(1), which allows medium and large non-residential customers still receiving service under a contract entered into prior to September 24, 2002, to be transferred to the POLR for non-payment, is no longer valid.

Commission response

The commission disagrees with the REP Coalition that §25.483(b)(1) should be deleted in its entirety. The authority to disconnect medium non-residential and large non-residential customers is differentiated from the authority to disconnect residential and small non-residential customers by the fact that the latter is contingent upon the satisfaction of the requirements given in subsections (b)(2)(A) through (b)(2)(C). If the commission were to delete subsection (b)(1) in its entirety, REPs seeking to disconnect medium non-residential and large non-residential customers would be committed to requirements that have not been in place up to this time. The commission sees no reason to impose such requirements at this time. The commission does note, however, that its Proposal for Publication of October 27, 2006, inadvertently proposed amendment of §25.483(b)(2) that would eliminate the fact that the requirements of subsections (b)(2)(A) through (b)(2)(C) only apply to disconnection authority related to residential and small non-residential customers. The commission has modified the proposed rule to address this inconsistency.

As for the REP Coalition's comment regarding the exception for customers receiving service under a contract entered into prior to September 24, 2002, the commission agrees that such an exception is no longer warranted. This exception was created pursuant to a previous version of §25.43, but was not included in the current POLR rule that became effective on July 31, 2006. If the exception in §25.483(b)(1) were retained, REPs would have no recourse against customers with such contracts who fail to pay. The REP could neither disconnect the customer nor terminate the customer to POLR, as POLRs are no longer required to serve customers for any reason other than the request of the customer

or a mass transition. The rule language has been modified accordingly to reflect the REP Coalition's comment.

The REP Coalition suggested relocating and revising proposed §25.483(b)(2)(B), by creating a new §25.475(d)(5)(O). The REP Coalition stated that placing the notice requirement next to other requirements in the terms of service improves the organization of those requirements and will lessen the chance that a REP may inadvertently omit this notice when creating the terms of service document. The REP Coalition stated that the revised language recommended is designed to help this section comport with the continuation of §25.475(d)(5).

Commission response

The commission agrees with the REP Coalition and has made the recommended changes.

§25.485, Customer Access and Complaint Handling

The REP Coalition suggested deleting the “as appropriate” language from §25.485(e)(2)(A) and §25.485(e)(2)(B). The REP Coalition stated that the parenthetical “as appropriate” was included in the existing rules to indicate that either “disconnection” or “termination” applied, depending on the REP's status with respect to disconnection rights. The REP Coalition commented that with the instant rule amendments, only disconnection applies and the parenthetical is no longer necessary.

Commission response

The commission agrees with the REP Coalition and has made the recommended changes.

§25.488, Procedures for a Premise with No Service Agreement

The REP Coalition noted that the amended language in subsection (b)(2)(B) imposes the same requirement as subsection (b)(2)(A), and recommended that subsection (b)(2)(B) be deleted. The REP Coalition explained that since disconnection by a REP is the only option available under the instant rule amendments, all requirements are contained in subparagraph (A).

Commission response

The commission agrees with the REP Coalition and has made the recommended changes.

The REP Coalition suggested that the commission use the word “occupant” instead of “customer” when referring to a premise with no service agreement. The REP Coalition pointed out that a “customer” has a service agreement with the REP, whereas an occupant does not have a service agreement. The REP Coalition claimed that using the term “occupant” in §25.488, would reduce confusion and consistently apply the same term through the rule language.

Commission response

The commission agrees with the REP Coalition and has made the recommended changes.

The Competitive REPs recommended that the proposed rules be amended to recognize the ability of the REPs to disconnect a customer after the expiration of their contract, with proper notice. The Competitive REPs stated that such a modification would address the repeal of §25.482(b)(2), and ensure that this rulemaking does not mandate that a REP serve a customer

after contract expiration or force a REP to renew a contract – thereby imposing an obligation to serve on all competitive REPs. The Competitive REPs suggested that given the structure of the rules as amended in this project, this issue would be best addressed by amending §25.488(b) to include the following language: “...or the occupant is a customer whose prior service agreement has expired or is no longer in effect.”

Commission response

The commission agrees with the Competitive REPs and has made the recommended changes.

These amendments and repeal are adopted under the Public Utility Regulatory Act, Texas Utilities Code Annotated §14.002 (Vernon 1998, Supplement 2006) (PURA) which provides the commission with the authority to make and enforce rules reasonably required in the exercise of its powers and jurisdiction, and, in particular, §17.004 and §39.101, which direct the commission to implement customer protections for electric customers, and §39.106, which directs the commission to designate providers of last resort.

Cross Reference to Statutes: Public Utility Regulatory Act §§14.002, 17.004, 39.101 and 39.106.

 - (II) include an opportunity for the customer to make a choice as to whether or not the customer wants to be included in all future marketing of other products and services by the REP or its agent, partner, or affiliate. Such opportunity may be provided during the authorization and verification process

detailed in §25.474 or via a separate notice and mailing to customers.

The TDU, upon receipt of a written request or other proof of authorization, shall provide the requested information to the requesting REP or to the customer or applicant no later than three business days after the request or proof of authorization is submitted.
- (4) A REP shall, upon the request of an energy assistance agency, provide a 12-month billing history free of charge that includes both usage data and the dollar amount of each monthly billing. If 12 months of billing data are not available from the REP, the REP shall estimate the amount billed using the REP's residential rate. The history shall also clearly designate estimated amounts. A residential billing history requested by an energy assistance agency shall be provided by the end of the next business day after the request is made. A residential billing history requested by a customer shall be provided within five business days of the customer request.

A single informational statement advising how to obtain the same printed advertisements, electronic advertising over the Internet, direct marketing material, billing statement, terms of service documents, or Your Rights as a Customer disclosure in a different language is permitted.

§25.474. Selection of Retail Electric Provider.

- (a) **Applicability.** This section applies to retail electric providers (REPs) and aggregators seeking to enroll applicants or customers for retail electric service. In addition, where specifically stated, this section applies to transmission and distribution utilities (TDUs) and the registration agent.
- (b) **Purpose.** The provisions of this section establish procedures for enrollment of applicants or customers by a REP and ensure that all applicants and customers in this state are protected from an unauthorized switch from the applicant's or customer's REP of choice or an unauthorized move-in. A contested switch in providers shall be presumed to be unauthorized unless the REP provides proof, in accordance with the requirements of this section, of the applicant's or customer's authorization and verification.
- (c) **Initial REP selection process.**
- (1) In conjunction with the commission's customer education campaign, the commission may issue to customers for whom customer choice will be available an explanation of the REP selection process. The customer education information issued by the commission may include, but is not limited to:
- (A) an explanation of retail electric competition;
 - (B) a list of all REPs certified to provide electric service to the customer;
 - (C) a form that allows the customer to contact or select one or more of the listed REPs from which the customer desires to receive information or to be contacted; and

- (D) information on how a customer may designate whether the customer would like to be placed on the statewide Do Not Call List and indicate the fee for such placement.
- (2) Any affiliated REP assigned to serve a customer that is entitled to receive the price-to-beat rate, pursuant to the Public Utility Regulatory Act (PURA) §39.202(a), shall issue to a customer, either as a bill insert or through a separate mailing, no later than 30 days after the commencement of customer choice:
 - (A) A terms of service document that includes an explanation of the price-to-beat rate;
 - (B) Your Rights as a Customer disclosure; and
 - (C) An Electricity Facts Label for the price to beat, which may, at the discretion of the REP, be in a separate document or contained in the terms of service document.
- (3) An electric utility whose successor affiliated REP will continue to serve customers not eligible for the price-to-beat rate, pursuant to PURA §39.102(b), shall issue to the customer a terms of service document on a date prescribed by the commission. Such a document shall contain an explanation of the price the customer will be charged by the affiliated REP.
- (d) **Enrollment via the Internet.** For enrollments of applicants via the Internet, a REP or aggregator shall obtain authorization and verification of the move-in or switch request from the applicant in accordance with this subsection.
 - (1) The website (or websites) shall clearly and conspicuously identify the legal name of the aggregator and its registration number to provide aggregation services or

REP and its certification number to sell retail electric service, its address, and telephone number;

- (2) The website shall include a means of transfer of information, such as electronic enrollment, renewal, and cancellation information between the applicant or customer and the REP or aggregator that is an encrypted transaction using Secure Socket Layer or similar encryption standard to ensure the privacy of customer information;
- (3) The website shall include an explanation that a move-in or a switch can only be made by the electric service applicant or the applicant's authorized agent;
- (4) The entire enrollment process shall be in plain, easily understood language. The entire enrollment shall be the same language. Nothing in this section is meant to prohibit REPs or aggregators from utilizing multiple enrollment procedures or websites to conduct enrollments in multiple languages.
- (5) **Required authorization disclosures.** Prior to requesting confirmation of the move-in or switch request, a REP or aggregator shall clearly and conspicuously disclose the following information:
 - (A) the name of the new REP;
 - (B) the name of the specific electric service package or plan for which the applicant's assent is attained;
 - (C) the ability of an applicant to select to receive information in English, Spanish, or the language used in the marketing of service to the applicant. The REP or aggregator shall provide a means of documenting a customer's language preference;

- (D) the price of the product or plan, including the total price stated in cents per kilowatt-hour, for electric service;
 - (E) term or length of the term of service;
 - (F) the presence or absence of early termination fees or penalties, and applicable amounts;
 - (G) any requirement to pay a deposit and the estimated amount of that deposit, or the method in which the deposit will be calculated. An affiliated REP or provider of last resort (POLR) shall also notify the applicant of the right to post a letter of guarantee in lieu of a deposit in accordance with §25.478(i) of this title (relating to Credit Requirements and Deposits);
 - (H) any fees to the applicant for switching to the REP pursuant to subsection (n) of this section;
 - (I) in the case of a switch request, the applicant's right, pursuant to subsection (j) of this section, to review and rescind the terms of service within three federal business days, after receiving the terms of service, without penalty; and
 - (J) a statement that the applicant will receive a copy of the terms of service document via email or, upon request, via regular US mail, that will explain all the terms of the agreement and how to exercise the right of rescission, if applicable.
- (6) The applicant shall be required to check a box affirming that the applicant has read and understands the disclosures and terms of service required by paragraph (5) of this subsection.

- (7) The REP or aggregator shall provide access to the complete terms of service document that is being agreed to by the applicant on the website such that the applicant may review the terms of service prior to enrollment. A prompt shall also be provided for the applicant to print or save the terms of service document to which the applicant assents, and shall inform the application of the option to request that a written copy of the terms of service document be sent by regular U.S. mail by contacting the REP.
- (8) The REP or aggregator shall also provide a toll-free telephone number, Internet website address, and e-mail address for contacting the REP or aggregator throughout the duration of the applicant's or customer's agreement. The REP or aggregator shall also provide the appropriate toll-free telephone number that the customer can use to report service outages.
- (9) Applicant authorizations shall adhere to any state and federal guidelines governing the use of electronic signatures.
- (10) **Verification of authorization for Internet enrollment.** Prior to final verification by the applicant of enrollment with the REP or aggregator, the REP or aggregator shall:
- (A) obtain or confirm the applicant's email address, billing name, billing address, service address, and name of any authorized representative;
 - (B) obtain or confirm the applicant's electric service identifier (ESI-ID), if available;
 - (C) affirmatively inquire whether the applicant has decided to establish new service or change from the current REP to the new REP;

- (D) affirmatively inquire whether the applicant designates the new REP to perform the necessary tasks to complete a switch or move in for the applicant's service with the new REP; and
 - (E) obtain or confirm one of the following account access verification data: last four digits of the social security number, mother's maiden name, city or town of birth, month and day of birth, driver's license or government issued identification number. For non-residential applicants, the REP may obtain the applicant's federal tax identification number.
- (11) After enrollment, the REP or aggregator shall send a confirmation, by email, of the applicant's request to select the REP. The confirmation email shall include:
- (A) in the case of a switch, a clear and conspicuous notice of the applicant's right, pursuant to subsection (j) of this section, to review and rescind the terms of service within three federal business days, after receiving the terms of service without penalty and offer the applicant the option of exercising this right by toll-free number, email, Internet website, facsimile transmission or regular mail. This notice shall be accessible to the applicant without need to open an attachment or link to any other document; and
 - (B) the terms of service and Your Rights as a Customer documents. These may be documents attached to the confirmation email, or the REP or aggregator may include a link to an Internet webpage containing the documents.

- (e) **Written enrollment.** For enrollments of customers via a written letter of authorization (LOA), a REP or aggregator shall obtain authorization and verification of the switch or move-in request from the applicant in accordance with this subsection.
- (1) All LOAs for move-in or switch orders shall be in plain, easily understood language. The entire enrollment shall be in the same language.
 - (2) The LOA shall be a separate or easily separable document containing the requirements prescribed by this subsection for the sole purpose of authorizing the REP to initiate a switch request. The LOA is not valid unless it is signed and dated by the customer requesting the move-in or switch.
 - (3) The LOA may contain a description of inducements associated with enrolling with the REP; however, the actual inducement itself shall not be either included on or as part of the LOA, or constitute the LOA by itself;
 - (4) The LOA shall be legible and shall contain clear and unambiguous language;
 - (5) **Required authorization disclosures.** The LOA shall disclose the following information:
 - (A) the name of the new REP;
 - (B) the name of the specific electric service package or plan for which the applicant's assent is attained;

- (A) The percentage used shall be rounded to the nearest whole number. Values less than 0.5% and greater than zero may be shown as “<0.5%.”
 - (B) Any source of electricity that is not used shall be listed in the table and depicted as “0.0%.”
- (4) **Emissions and waste disclosures.** The Electricity Facts Label shall contain a bar chart that depicts the amounts of carbon dioxide, nitrogen oxide, sulfur dioxide, particulate emissions and nuclear waste attributable to the aggregate known sources of electricity identified in paragraph (3) of this subsection. Emissions and waste disclosures shall be based on data for the most recent calendar year.
- (A) Emission rates for carbon dioxide, nitrogen oxide, sulfur dioxide and particulates shall be calculated in pounds per 1,000 kilowatt-hours

(lbs/1,000 kWh), divided by the corresponding statewide system average emission rates, and multiplied by 100 to obtain indexed values.

(B) Rates for nuclear waste shall be calculated in pounds of spent fuel per 1,000 kilowatt-hours, divided by the corresponding statewide system average rate, and multiplied by 100 to obtain indexed values.

(C) The registration agent shall calculate the statewide system average rates to be used in accordance with this subsection.

(5) **Renewable energy claims.** A REP may verify its sales of renewable energy by requesting that the program administrator of the renewable energy credits trading program established pursuant to §25.173(d) of this title (relating to Goal for Renewable Energy) retire a renewable energy credit for each megawatt-hour of renewable energy sold to its customers.

(6) **Format of Electricity Facts Label.** Each Electricity Facts Label shall be printed in type no smaller than ten points in size and shall be formatted as shown in this paragraph:

- (7) **Distribution of Electricity Facts Label.** A REP shall distribute its Electricity Facts Label to its customers no less than once in a 12-month period and to the commission upon request. A REP is not required to distribute its Electricity Facts Label to a customer pursuant to this paragraph if it has provided a new Electricity Facts Label to that customer in the past six months.

- (1) This disclosure shall initially be distributed at the same time as the REP’s terms of service document and shall accurately reflect the REP’s terms of service.

- (3) Each REP’s Your Rights as a Customer disclosure is subject to review and approval by the commission, upon request.

make that request on behalf of the customer via the standard electronic market transaction, and the customer's right to be instructed on how to read the meter, if applicable;

- (C) Disclosures concerning the customer's ability to dispute unauthorized charges on the customer's bill as set forth in §25.481 of this title (relating to Unauthorized Charges);
- (D) Notice of any special services such as readers or notices in Braille or TTY services for hearing impaired customers;
- (E) Special actions or programs available to those residential customers with physical disabilities, including residential customers who have a critical need for electric service to maintain life support systems;

- (J) Availability of financial and energy assistance programs for residential customers;
- (K) Availability of a Do Not Call List pursuant to §25.484 of this title (relating to Do Not Call List) and §26.37 (relating to Texas No-Call List);
- (L) Availability of discounts for qualified low-income residential customers;

- (M) Payment arrangements and deferred payments pursuant to §25.480 of this title (relating to Bill Payment and Adjustments);
- (N) Procedures for reporting outages;
- (O) Privacy rights regarding customer proprietary information as provided by §25.472 of this title (relating to Privacy of Customer Information);
- (P) Availability of POLR service and how to contact the POLR; and
- (Q) The steps necessary to have service restored or reconnected after involuntary suspension or disconnection.

§25.478. Credit Requirements and Deposits.

- (a) **Credit requirements for residential customers.** A retail electric provider (REP) may require a residential customer or applicant to establish and maintain satisfactory credit as a condition of providing service pursuant to the requirements of this section.
- (1) Establishment of satisfactory credit shall not relieve any customer from complying with the requirements for payment of bills by the due date of the bill.
 - (2) The credit worthiness of spouses established during shared service in the 12 months prior to their divorce will be equally applied to both spouses for 12 months immediately after their divorce.
 - (3) A residential customer or applicant seeking to establish service with an affiliated REP or provider of last resort (POLR) can demonstrate satisfactory credit using one of the criteria listed in subparagraphs (A) through (E) of this paragraph.
 - (A) A residential customer or applicant may be deemed as having established satisfactory credit if the customer or applicant:
 - (i) has been a customer of any REP or an electric utility within the two years prior to the request for electric service;
 - (ii) is not delinquent in payment of any such electric service account;
and
 - (iii) during the last 12 consecutive months of service was not late in paying a bill more than once.
 - (B) A residential customer or applicant may be deemed as having established satisfactory credit if the customer or applicant possesses a satisfactory

credit rating obtained through a consumer reporting agency, as defined by the Federal Trade Commission.

- (C) A residential customer or applicant may be deemed as having established satisfactory credit if the customer or applicant is 65 years of age or older and the customer is not currently delinquent in payment of any electric service account.
- (D) A residential customer or applicant may be deemed as having established satisfactory credit if the customer or applicant has been determined to be a victim of family violence as defined in the Texas Family Code §71.004, by a family violence center as defined in Texas Human Resources Code §51.002, by treating medical personnel, by law enforcement personnel, by the Office of a Texas District Attorney or County Attorney, by the Office of the Attorney General, or by a grantee of the Texas Equal Access to Justice Foundation. This determination shall be evidenced by submission of a certification letter developed by the Texas Council on Family Violence. The certification letter may be submitted directly by use of a toll-free fax number to the affiliated REP or POLR.
- (E) A residential customer or applicant seeking to establish service may be deemed as having established satisfactory credit if the customer is medically indigent. In order for a customer or applicant to be considered medically indigent, the customer or applicant must make a demonstration that the following criteria are met. Such demonstration must be made annually:

- (i) the customer's or applicant's household income must be at or below 150% of the poverty guidelines as certified by a governmental entity or government funded energy assistance program provider; and
 - (ii) the customer or applicant or the spouse of the customer or applicant must have been certified by that person's physician as being unable to perform three or more activities of daily living as defined in 22 TAC §224.4, or the customer's or applicant's monthly out-of-pocket medical expenses must exceed 20% of the household's gross income. For the purposes of this subsection, the term "physician" shall mean any medical doctor, doctor of osteopathy, nurse practitioner, registered nurse, state-licensed social workers, state-licensed physical and occupational therapists, and an employee of an agency certified to provide home health services pursuant to 42 U.S.C. §1395 *et seq.*
- (4) A residential customer or applicant seeking to establish service with a REP other than an affiliated REP or POLR can demonstrate satisfactory credit using one of the criteria listed in subparagraphs (A) through (B) of this paragraph. Notice of these options for customers or applicants shall be included in any written or oral notice to a customer or applicant when a deposit is requested. A REP other than an affiliated REP or POLR may establish additional methods by which a customer or applicant not meeting the criteria of subparagraphs (A) or (B) of this paragraph can demonstrate satisfactory credit, so long as such criteria are not discriminatory

pursuant to §25.471(c) of this title (relating to General Provisions of Customer Protection Rules).

- (A) The residential customer or applicant is 65 years of age or older and the customer is not currently delinquent in payment of any electric service account.
 - (B) The customer or applicant has been determined to be a victim of family violence as defined in the Texas Family Code §71.004, by a family violence center as defined in Texas Human Resources Code §51.002, by treating medical personnel, by law enforcement personnel, by the Office of a Texas District Attorney or County Attorney, by the Office of the Attorney General, or by a grantee of the Texas Equal Access to Justice Foundation. This determination shall be evidenced by submission of a certification letter developed by the Texas Council on Family Violence. The certification letter may be submitted directly by use of a toll-free fax number to the REP.
- (5) Pursuant to the Public Utility Regulatory Act (PURA) §39.107(g), a REP that requires pre-payment for metered residential electric service may not charge an amount for electric service that is higher than the price charged by the POLR in the applicable transmission and distribution service territory.
- (6) The REP may obtain payment history information from any REP that has served the applicant in the previous two years or from a consumer reporting agency, as defined by the Federal Trade Commission. The REP shall obtain the customer's

or applicant's authorization prior to obtaining such information from the customer's or applicant's prior REP. A REP shall maintain payment history information for two years after a customer's electric service has been terminated or disconnected in order to be able to provide credit history information at the request of the former customer.

- (b) **Credit requirements for non-residential customers.** A REP may establish nondiscriminatory criteria pursuant to §25.471(c) of this title to evaluate the credit requirements for a non-residential customer or applicant and apply those criteria in a nondiscriminatory manner. If satisfactory credit cannot be demonstrated by the non-residential customer or applicant using the criteria established by the REP, the customer may be required to pay an initial or additional deposit. No such deposit shall be required if the customer or applicant is a governmental entity.
- (c) **Initial deposits for applicants and existing customers.**
- (1) If satisfactory credit cannot be demonstrated by a residential applicant, a REP may require the applicant to pay a deposit prior to receiving service.
 - (2) An affiliated REP or POLR shall offer a residential customer or applicant who is required to pay an initial deposit the option of providing a written letter of guarantee pursuant to subsection (i) of this section, instead of paying a cash deposit.
 - (3) A REP shall not require an initial deposit from an existing customer unless the customer was late paying a bill more than once during the last 12 months of service or had service terminated or disconnected for nonpayment during the last 12 months of service. The customer may be required to pay this initial deposit

within ten days after issuance of a written disconnection notice that requests such deposit. The disconnection notice may be combined with or issued concurrently with the request for deposit. The disconnection notice shall comply with the requirements in §25.483(m) of this title (relating to Disconnection of Service).

(d) **Additional deposits by existing customers.**

- (1) A REP may request an additional deposit from an existing customer if:
 - (A) the average of the customer's actual billings for the last 12 months are at least twice the amount of the original average of the estimated annual billings; and
 - (B) a termination or disconnection notice has been issued or the account disconnected within the previous 12 months.
- (2) A REP may require the customer to pay an additional deposit within ten days after the REP has requested the additional deposit.
- (3) A REP may disconnect service if the additional deposit is not paid within ten days of the request, provided a written disconnection notice has been issued to the customer. A disconnection notice may be combined with or issued concurrently with the written request for the additional deposit. The disconnection notice shall comply with the requirements in §25.483(m) of this title.

(e) **Amount of deposit.**

- (1) The total of all deposits, initial and additional, required by a REP from any residential customer or applicant:
 - (A) shall not exceed an amount equivalent to the greater of
 - (i) one-fifth of the customer's estimated annual billing; or

- (ii) the sum of the estimated billings for the next two months.
 - (B) A REP may base the estimated annual billing for initial deposits for applicants on a reasonable estimate of average usage for the customer class. If a REP requests additional or initial deposits from existing customers, the REP shall base the estimated annual billing on the customer's actual historical usage, to the extent that the historical usage is available. After 12 months of service with a REP, a customer may request that a REP recalculate the required deposit based on actual historical usage of the customer.
- (2) For the purpose of determining the amount of the deposit, the estimated billings shall include only charges for electric service that are disclosed in the REP's terms of service document provided to the customer or applicant.
- (3) If a customer or applicant qualifies for the rate reduction program under §25.454 of this title (relating to Rate Reduction Program), then such customer or applicant shall be eligible to pay any deposit that exceeds \$50 in two equal installments. Notice of this option for customers eligible for the rate reduction program shall be included in any written notice to a customer requesting a deposit. The customer shall have the obligation of providing sufficient information to the REP to demonstrate that the customer is eligible for the rate reduction program. The first installment shall be due no sooner than ten days, and the second installment no sooner than 40 days, after the issuance of written notification to the applicant of the deposit requirement.

- (f) **Interest on deposits.** A REP that requires a deposit pursuant to this section shall pay interest on that deposit at an annual rate at least equal to that set by the commission in December of the preceding year, pursuant to Texas Utilities Code §183.003 (relating to Rate of Interest). If a deposit is refunded within 30 days of the date of deposit, no interest payment is required. If the REP keeps the deposit more than 30 days, payment of interest shall be made from the date of deposit.
- (1) Payment of the interest to the customer shall be made annually, if requested by the customer, or at the time the deposit is returned or credited to the customer's account.
 - (2) The deposit shall cease to draw interest on the date it is returned or credited to the customer's account.
- (g) **Notification to customers.** When a REP requires a customer to pay a deposit, the REP shall provide the customer written information about the provider's deposit policy, the customer's right to post a guarantee in lieu of a cash deposit if applicable, how a customer may be refunded a deposit, and the circumstances under which a provider may increase a deposit. These disclosures shall be included either in the Your Rights as a Customer disclosure or the REP's terms of service document.
- (h) **Records of deposits.**
- (1) A REP that collects a deposit shall keep records to show:
 - (A) the name and address of each depositor;
 - (B) the amount and date of the deposit; and
 - (C) each transaction concerning the deposit.

- (2) A REP that collects a deposit shall issue a receipt of deposit to each customer or applicant paying a deposit or reflect the deposit on the customer's bill statement. A REP shall provide means for a depositor to establish a claim if the receipt is lost.
 - (3) A REP shall maintain a record of each unclaimed deposit for at least four years.
 - (4) A REP shall make a reasonable effort to return unclaimed deposits.
- (i) **Guarantees of residential customer accounts.** A guarantee agreement in lieu of a cash deposit issued by any REP, if applicable, shall conform to the following requirements:
- (1) A guarantee agreement between a REP and a guarantor shall be in writing and shall be for no more than the amount of deposit the provider would require on the customer's account pursuant to subsection (e) of this section. The amount of the guarantee shall be clearly indicated in the signed agreement. The REP may require, as a condition of the continuation of the guarantee agreement, that the guarantor remain a customer of the REP, have no past due balance, and have no more than one late payment in a 12-month period during the term of the guarantee agreement.
 - (2) The guarantee shall be voided and returned to the guarantor according to the provisions of subsection (j) of this section.
 - (3) Upon default by a residential customer, the guarantor of that customer's account shall be responsible for the unpaid balance of the account only up to the amount agreed to in the written agreement.
 - (4) If the guarantor ceases to be a customer of the REP or has more than one late payment in a 12-month period during the term of the guarantee agreement, the

provider may treat the guarantee agreement as in default and demand a cash deposit from the residential customer as a condition of continuing service.

- (5) The REP shall provide written notification to the guarantor of the customer's default, the amount owed by the guarantor, and the due date for the amount owed.
 - (A) The REP shall allow the guarantor 16 days from the date of notification to pay the amount owed on the defaulted account. If the sixteenth day falls on a holiday or weekend, the due date shall be the next business day.
 - (B) The REP may transfer the amount owed on the defaulted account to the guarantor's own electric service bill provided the guaranteed amount owed is identified separately on the bill as required by §25.479 of this title (relating to Issuance and Format of Bills).
 - (6) The REP may initiate disconnection for nonpayment of the guaranteed amount only if the disconnection of service was disclosed in the written guarantee agreement, and only after proper notice as described by paragraph (5) of this subsection or §25.483 of this title.
- (j) **Refunding deposits and voiding letters of guarantee.**
- (1) A deposit held by a REP shall be refunded when the customer has paid bills for service for 12 consecutive residential billings or for 24 consecutive non-residential billings without having any late payments. A REP may refund the deposit to a customer via a bill credit. REPs shall comply with this provision as soon as practicable, but no later than August 31, 2004.
 - (2) Once the REP is no longer the REP of record for a customer or if service is not established with the REP, the REP shall either transfer the deposit plus accrued

interest to the customer's new REP or promptly refund the deposit plus accrued interest to the customer, as agreed upon by the customer and both REPs. The REP may subtract from the amount refunded any amounts still owed by the customer to the REP. If the REP obtained a guarantee, such guarantee shall be cancelled to the extent that it is not needed to satisfy any outstanding balance owed by the customer. Alternatively, the REP may provide the guarantor with written documentation that the contract has been cancelled to the extent that the guarantee is not needed to satisfy any outstanding balance owed by the customer.

- (3) If a customer's or applicant's service is not connected, or is disconnected, or the service is terminated by the customer, the REP shall promptly void and return to the guarantor all letters of guarantee on the account or provide written documentation that the guarantee agreement has been voided, or refund the customer's or applicant's deposit plus accrued interest on the balance, if any, in excess of the unpaid bills for service furnished. Similarly, if the guarantor's service is not connected, or is disconnected, or the service is terminated by the customer, the REP shall promptly void and return to the guarantor all letters of guarantee or provide written documentation that the guarantees have been voided. This provision does not apply when the customer or guarantor moves or changes the address where service is provided, as long as the customer or guarantor remains a customer of the REP.
- (4) A REP shall terminate a guarantee agreement when the customer has paid its bills for 12 consecutive months without service being disconnected for nonpayment and without having more than two delinquent payments.

- (k) **Re-establishment of credit.** A customer or applicant who previously has been a customer of the REP and whose service has been terminated or disconnected for nonpayment of bills or theft of service by that customer (meter tampering or bypassing of meter) may be required, before service is reinstated, to pay all amounts due to the REP or execute a deferred payment agreement, if offered, and reestablish credit.
- (l) **Upon sale or transfer of company.** Upon the sale or transfer of a REP or the designation of an alternative POLR for the customer's electric service, the seller or transferee shall provide the legal successor to the original provider all deposit records.

§25.480. Bill Payment and Adjustments.

- (a) **Application.** This section applies to a retail electric provider (REP) that is responsible for issuing electric service bills to retail customers, unless the REP is issuing a consolidated bill (both energy services and transmission and distribution services) on behalf of an electric cooperative or municipally owned utility. In addition, this section applies to a transmission and distribution utility (TDU) where specifically stated. This section does not apply to a municipally owned utility or electric cooperative issuing bills to its customers in its own service territory.
- (b) **Bill due date.** A REP shall state a payment due date on the bill which shall not be less than 16 days after issuance. A bill is considered to be issued on the issuance date stated on the bill or the postmark date on the envelope, whichever is later. A payment for electric service is delinquent if not received by the REP or at the REP's authorized payment agency by the close of business on the due date. If the 16th day falls on a holiday or weekend, then the due date shall be the next business day after the 16th day.
- (c) **Penalty on delinquent bills for electric service.**
- (1) A REP may charge a one-time penalty not to exceed 5.0% on a delinquent bill for electric service. No such penalty shall apply to residential or small commercial customers served by the provider of last resort (POLR), or to customers receiving a low-income discount pursuant to the Public Utility Regulatory Act (PURA) §39.903(h). The one-time penalty, not to exceed 5.0%, may not be applied to any balance to which the penalty has already been applied.
- (2) A bill issued to a state agency, as defined in Texas Government Code, Chapter 2251, shall be due as provided in Chapter 2251.

- (d) **Overbilling.** If charges are found to be higher than authorized in the REP's terms and conditions for service or other applicable commission rules, then the customer's bill shall be corrected.
- (1) The correction shall be made for the entire period of the overbilling.
 - (2) If the REP corrects the overbilling within three billing cycles of the error, it need not pay interest on the amount of the correction.
 - (3) If the REP does not correct the overcharge within three billing cycles of the error, it shall pay interest on the amount of the overcharge at the rate set by the commission.
 - (A) Interest on overcharges that are not adjusted by the REP within three billing cycles of the bill in error shall accrue from the date of payment by the customer.
 - (B) All interest shall be compounded monthly at the approved annual rate set by the commission.
 - (C) Interest shall not apply to leveling plans or estimated billings.
 - (4) If the REP rebills for a prior billing cycle, the adjustments shall be identified by account and billing date or service period.
 - (5) A bill issued to a state agency shall bear interest if overdue as provided in Texas Government Code Chapter 2251.
- (e) **Underbilling by a REP.** If charges are found to be lower than authorized by the REP's terms and conditions of service, or if the REP fails to bill the customer for service, then the customer's bill may be corrected.

- (1) The customer shall not be responsible for corrected charges billed by the REP unless such charges are billed by the REP within 180 days from the date of issuance of the bill in which the underbilling occurred. The REP may backbill a customer for the amount that was underbilled beyond the timelines provided in this paragraph if:
 - (A) the underbilling is found to be the result of meter tampering by the customer; or
 - (B) the TDU bills the REP for an underbilling as a result of meter error as provided in §25.125 of this title (relating to Adjustments Due to Meter Errors).
- (2) The REP may disconnect service pursuant to §25.483 of this title (relating to Disconnection of Service) if the customer fails to pay the additional charges within a reasonable time.
- (3) If the underbilling is \$50 or more, the REP shall offer the customer a deferred payment plan option for the same length of time as that of the underbilling. A deferred payment plan need not be offered to a customer when the underpayment is due to theft of service.
- (4) The REP shall not charge interest on underbilled amounts unless such amounts are found to be the result of theft of service (meter tampering, bypass, or diversion) by the customer. Interest on underbilled amounts shall be compounded monthly at the annual rate, as set by the commission. Interest shall accrue from the day the customer is found to have first stolen the service.

- (5) If the REP adjusts the bills for a prior billing cycle, the adjustments shall be identified by account and billing date or service period.
- (f) **Disputed bills.** If there is a dispute between a customer and a REP about the REP's bill for any service billed on the retail electric bill, the REP shall promptly investigate and report the results to the customer. The REP shall inform the customer of the complaint procedures of the commission pursuant to §25.485 of this title (relating to Customer Access and Complaint Handling).
- (g) **Alternate payment programs or payment assistance.**
- (1) **Notice required.** When a customer contacts a REP and indicates inability to pay a bill or a need for assistance with the bill payment, the REP shall inform the customer of all applicable payment options and payment assistance programs that are offered by or available from the REP, such as bill payment assistance, deferred payment plans, disconnection moratoriums for the ill, or low-income energy assistance programs, and of the eligibility requirements and procedure for applying for each.
- (2) **Bill payment assistance programs.**
- (A) All REPs shall implement a bill payment assistance program for residential electric customers. At a minimum, such a program shall solicit voluntary donations from customers through the retail electric bills.
- (B) Each REP shall provide an annual report on June 1 of each year to the commission summarizing:
- (i) the total amount of customer donations;
- (ii) the amount of money set aside for bill payment assistance;

- (iii) the assistance agency or agencies selected to disburse funds to residential customers; and
 - (iv) the amount of money disbursed by the REP or provided to each assistance agency to disburse funds to residential customers.
 - (C) A REP shall obtain a commitment from an assistance agency selected to disburse bill payment assistance funds that the agency will not discriminate in the distribution of such funds to customers based on the customer's race, creed, color, national origin, ancestry, sex, marital status, lawful source of income, disability, familial status, location of customer in an economically distressed geographic area, or qualification for the low-income discount program or energy efficiency services.
- (h) **Level and average payment plans.** A REP shall offer a level or average payment plan to its customers who are not currently delinquent in payment to the REP. Consistent with the REP's terms of service, the REP may bill or credit any overbilling or underbilling, as appropriate, at least once every twelve months. A REP may collect under-recovered costs from a customer annually, or upon termination of service to the customer. A REP shall refund any over-recovered amounts to customers annually, or upon termination of service to the customer. A REP may initiate its normal collection activity if a customer fails to make a timely payment according to such a plan. All details concerning a levelized or average payment program shall be disclosed in the customer's terms of service document.
- (i) **Payment arrangements.** A payment arrangement is any agreement between the REP and a customer that allows a customer to pay the outstanding bill after its due date, but

before the due date of the next bill. If the REP issues a disconnection notice before a payment arrangement was made, that disconnection should be suspended until after the due date for the payment arrangement. If a customer does not fulfill the terms of the payment arrangement, service may be disconnected after the later of the due date for the payment arrangement or the disconnection date indicated in the notice, without issuing an additional disconnection notice.

(j) **Deferred payment plans.** A deferred payment plan is an agreement between the REP and a customer that allows a customer to pay an outstanding bill in installments that extend beyond the due date of the current bill. A deferred payment plan may be established in person or by telephone, but all deferred payment plans shall be confirmed in writing by the REP.

(1) A REP shall offer a deferred payment plan to customers, upon request, for bills that become due during an extreme weather emergency, pursuant to §25.483(j) of this title.

(2) A REP shall offer a deferred payment plan to a customer who has been underbilled, as described in subsection (e) of this section.

(3) For customers who have expressed an inability to pay, a REP shall offer a deferred payment plan unless the customer:

(A) has been issued more than two termination or disconnection notices during the preceding 12 months; or

(B) has received service from the REP for less than three months, and the customer lacks:

(i) sufficient credit; or

- (ii) a satisfactory history of payment for electric service from a previous REP (or its predecessor electric utility).
- (4) Any deferred payment plans offered by a REP shall not refuse a customer participation in such a program on any basis set forth in §25.471(c) of this title (relating to General Provisions of Customer Protection Rules).
- (5) A deferred payment plan offered by a REP for customers who have expressed an inability to pay and have received a disconnection notice shall provide that the delinquent amount be paid in equal installments over at least three billing cycles, unless the customer requests a lesser number of installments. A REP may require an initial payment not to exceed 25% of the delinquent amount of the outstanding balance to initiate the agreement, with the remainder to be paid in equal installments over at least the next three billing cycles.
- (6) A copy of the deferred payment plan shall be provided to the customer and:
 - (A) shall include a statement, in a clear and conspicuous type, that states “If you are not satisfied with this agreement, or if the agreement was made by telephone and you feel this does not reflect your understanding of that agreement, contact (insert name of REP).” In addition, where the customer and the REP’s representative or agent meets in person, the representative shall read the preceding statement to the customer;
 - (B) may include a penalty not to exceed 5.0% for late payment but shall not include a finance charge;

 - (D) shall state the total amount to be paid under the plan;

- (E) shall state the specific amount of each installment;
 - (F) shall allow for the disconnection of service if the customer does not fulfill the terms of the deferred payment plan, and shall state the terms for disconnection; and
 - (G) shall allow either the customer or the REP to initiate a renegotiation of the deferred payment plan if the customer's economic or financial circumstances change substantially during the time of the deferred payment plan.
- (7) A REP may pursue disconnection of service if a customer does not meet the terms of a deferred payment plan. However, service shall not be disconnected until appropriate notice has been issued, pursuant to §25.483 of this title, notifying the customer that the customer has not met the terms of the plan. The requirements of subsection (j)(3) of this section shall not apply with respect to a customer who has received notice of a disconnection due to failure to meet the terms of a deferred payment plan.
- (k) **Allocation of partial payments.** A REP shall allocate a partial payment by the customer first to the oldest balance due for electric service, followed by the current amount due for electric service. When there is no longer a balance for electric service, payment may be applied to non-electric services billed by the REP. Electric service shall not be disconnected for non-payment of non-electric services.

§25.481. Unauthorized Charges.

- (a) **Authorization of charges.** Any services offered by the retail electric provider (REP) that will be billed on the customer's electric bill shall be authorized by the customer consistent with this section.
- (b) **Requirements for billing charges.** A REP shall meet all of the following requirements before including any charges on the customer's electric bill:

 - (2) The customer must clearly and explicitly consent to obtaining the product or service offered and to having the associated charges appear on the customer's electric bill. The REP shall document the authorization in accordance with §25.474 of this title (relating to Selection of Retail Electric Provider). The documentation of the authorization shall be maintained by the REP for at least 24 months.
 - (3) The REP shall provide the customer with a toll-free telephone number the customer may call and an address to which the customer may write to resolve any billing dispute and to answer questions.
- (c) **Responsibilities for unauthorized charges.**
- (1) If a REP charges a customer's electric bill for any product or service without proper customer authorization, the REP shall promptly, but not later than 45 days thereafter:

- (A) discontinue providing the product or service to the customer and cease charging the customer for the unauthorized product or service;
 - (B) remove the unauthorized charge from the customer's bill;
 - (C) refund or credit to the customer the money that has been paid by the customer for any unauthorized charge, and if any unauthorized charge that has been paid is not refunded or credited within three billing cycles, pay interest at an annual rate established by the commission pursuant to §25.478(f) of this title (relating to Credit Requirements and Deposits) on the amount of any unauthorized charge until it is refunded or credited; and
 - (D) upon the customer's request, provide the customer, free of charge, with all billing records under its control related to any unauthorized charge within 15 business days after the date of the removal of the charge from the customer's electric bill.
- (2) A REP shall not:
- (A) seek to disconnect electric service to any customer for nonpayment of an unauthorized charge;
 - (B) file an unfavorable credit report against a customer who has not paid charges that the customer has alleged were unauthorized unless the dispute regarding the unauthorized charges is ultimately resolved against the customer. The customer remains obligated to pay any charges that are not in dispute; or
 - (C) re-bill the customer for any unauthorized charge.

- (3) In the event that a REP erroneously files an unfavorable credit report against a customer who has not paid charges that the customer has alleged were unauthorized, the REP must correct the credit report without delay.
- (4) A REP shall maintain for at least 24 months a record of every customer who has experienced any unauthorized charge for a product or service on the customer's electric bill and has notified the REP of the unauthorized charge. The record shall contain for each unauthorized charge:
 - (A) the date the customer requested that the REP remove the unauthorized charge from the customer's electric bill;
 - (B) the date the unauthorized charge was removed from the customer's electric bill; and
 - (C) the date the customer was refunded or credited any money that the customer paid for the unauthorized charges.
- (d) **Notice to customers.** Any bill sent to a residential and small commercial customer from a REP shall include a statement, prominently located on the bill, that if the customer believes the bill includes unauthorized charges, the customer should contact the REP to dispute such charges and, if not satisfied with the REP's review may file a complaint with the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or toll-free in Texas at (888) 782-8477. §25.482. Termination of Service (repeal)

§25.483. Disconnection of Service.

- (a) **Disconnection and reconnection policy.** Only a transmission and distribution utility (TDU), municipally owned utility, or electric cooperative shall perform physical disconnections and reconnections. Unless otherwise stated, it is the responsibility of a retail electric provider (REP) to request such action from the appropriate TDU, municipally owned utility, or electric cooperative in accordance with that entity's relevant tariffs, in accordance with the protocols established by the registration agent, and in compliance with the requirements of this section. If a REP chooses to have a customer's electric service disconnected, it shall comply with the requirements in this section. Nothing in this section requires a REP to request that a customer's service be disconnected.
- (b) **Disconnection authority.**
- (1) Any REP may authorize the disconnection of a medium non-residential or large non-residential customer, as that term is defined in §25.43 of this title (relating to Provider of Last Resort (POLR)).
 - (2) Except as provided in subsection (d) of this section, all REPs shall have the authority to authorize the disconnection of residential and small non-residential customers pursuant to commission rules. Prior to authorizing disconnections for non-payment in accordance with this paragraph, a REP shall:
 - (A) test all necessary electronic transactions related to disconnections and reconnections of service; and
 - (B) file an affidavit from an officer of the company, in a project established by the commission for this purpose, affirming that the REP understands and

has trained its personnel on the commission's rule requirements related to disconnection and reconnection, and has adequately tested the transactions described in subparagraph (A) of this paragraph.

(c) **Disconnection with notice.** A REP having disconnection authority under the provisions of subsection (b) of this section, including the POLR, may authorize the disconnection of a customer's electric service after proper notice and not before the first day after the disconnection date in the notice for any of the following reasons:

- (1) failure to pay any outstanding bona fide debt for electric service owed to the REP or to make deferred payment arrangements by the date of disconnection stated on the disconnection notice. Payment of the delinquent bill at the REP's authorized payment agency is considered payment to the REP;
- (2) failure to comply with the terms of a deferred payment agreement made with the REP;
- (3) violation of the REP's terms and conditions on using service in a manner that interferes with the service of others or the operation of nonstandard equipment, if a reasonable attempt has been made to notify the customer and the customer is provided with a reasonable opportunity to remedy the situation;
- (4) failure to pay a deposit as required by §25.478 of this title (relating to Credit Requirements and Deposits); or
- (5) failure of the guarantor to pay the amount guaranteed, when the REP has a written agreement, signed by the guarantor, which allows for disconnection of the guarantor's service.

- (d) **Disconnection without prior notice.** Any REP or TDU may, at any time, authorize disconnection of a customer's electric service without prior notice for any of the following reasons:
- (1) Where a known dangerous condition exists for as long as the condition exists. Where reasonable, given the nature of the hazardous condition, the REP, or its agent, shall post a notice of disconnection and the reason for the disconnection at the place of common entry or upon the front door of each affected residential unit as soon as possible after service has been disconnected;
 - (2) Where service is connected without authority by a person who has not made application for service;
 - (3) Where service is reconnected without authority after disconnection for nonpayment;
 - (4) Where there has been tampering with the equipment of the transmission and distribution utility, municipally owned utility, or electric cooperative; or
 - (5) Where there is evidence of theft of service.
- (e) **Disconnection prohibited.** A REP having disconnection authority under the provisions of subsection (b) of this section shall not authorize a disconnection for nonpayment of a customer's electric service for any of the following reasons:
- (1) Delinquency in payment for electric service by a previous occupant of the premises;
 - (2) Failure to pay for any charge that is not for electric service regulated by the commission, including competitive energy service, merchandise, or optional services;

- (3) Failure to pay for a different type or class of electric service unless charges for such service were included on that account's bill at the time service was initiated;
 - (4) Failure to pay charges resulting from an underbilling, except theft of service, more than six months prior to the current billing;
 - (5) Failure to pay disputed charges, except for the amount not under dispute, until a determination as to the accuracy of the charges has been made by the REP or the commission, and the customer has been notified of this determination;
 - (6) Failure to pay charges arising from an underbilling due to any faulty metering, unless the meter has been tampered with or unless such underbilling charges are due under §25.126 of this title (relating to Meter Tampering); or
 - (7) Failure to pay an estimated bill other than a bill rendered pursuant to an approved meter-reading plan, unless the bill is based on an estimated meter read by the TDU.
- (f) **Disconnection on holidays or weekends**
- (1) A REP having disconnection authority under the provisions of subsection (b) of this section shall not request disconnection of a customer's electric service for nonpayment on a holiday or weekend, or the day immediately preceding a holiday or weekend, unless the REP's personnel are available on those days to take payments, make payment arrangements with the customer, and request reconnection of service.
 - (2) Unless a dangerous condition exists or the customer requests disconnection, a TDU shall not disconnect a customer's electric service on a holiday or weekend,

or the day immediately preceding a holiday or weekend, unless the personnel of the TDU are available to reconnect service on all of those days.

- (g) **Disconnection of ill and disabled.** A REP having disconnection authority under the provisions of subsection (b) of this section shall not authorize a disconnection for nonpayment of electric service at a permanent, individually metered dwelling unit of a delinquent customer when that customer establishes that disconnection of service will cause some person residing at that residence to become seriously ill or more seriously ill.
- (1) Each time a customer seeks to avoid disconnection of service under this subsection, the customer shall accomplish all of the following by the stated date of disconnection:
- (A) Have the person's attending physician (for purposes of this subsection, the "physician" shall mean any public health official, including medical doctors, doctors of osteopathy, nurse practitioners, registered nurses, and any other similar public health official) call or contact the REP by the stated date of disconnection;
- (B) Have the person's attending physician submit a written statement to the REP; and
- (C) Enter into a deferred payment plan.
- (2) The prohibition against service disconnection provided by this subsection shall last 63 days from the issuance of the bill for electric service or a shorter period agreed upon by the REP and the customer or physician.
- (3) If, in the normal performance of its duties, a TDU obtains information that a customer scheduled for disconnection may qualify for delay of disconnection

pursuant to this subsection, and the TDU reasonably believes that the information may be unknown to the REP, the TDU shall delay the disconnection and promptly communicate the information to the REP. The TDU shall disconnect such customer if it subsequently receives a confirmation of the disconnect notice from the REP. Nothing herein should be interpreted as requiring a TDU to assess or to inquire as to the customer's status before performing a disconnection, or to provide prior notice of the disconnection, when not otherwise required.

(h) **Disconnection of energy assistance clients.**

- (1) A REP having disconnection authority under the provisions of subsection (b) of this section shall not authorize a disconnection for nonpayment of electric service to a delinquent residential customer for a billing period in which the REP receives a pledge, letter of intent, purchase order, or other notification that the energy assistance provider is forwarding sufficient payment to continue service provided that such pledge, letter of intent, purchase order, or other notification is received by the due date stated on the disconnection notice, and the customer, by the due date on the disconnection notice, either pays or makes payment arrangements to pay any outstanding debt not covered by the energy assistance provider.
- (2) If an energy assistance provider has requested monthly usage data pursuant to §25.472(b)(4) of this title (relating to Privacy of Customer Information), the REP shall extend the final due date on the disconnection notice, day for day, from the date the usage data was requested until it is provided.

- (3) A REP shall allow at least 45 days for an energy assistance provider to honor a pledge, letter of intent, purchase order, or other notification before submitting the disconnection request to the TDU.
 - (4) A REP may request disconnection of service to a customer if payment from the energy assistance provider's pledge is not received within the time frame agreed to by the REP and the energy assistance provider, or if the customer fails to pay any portion of the outstanding balance not covered by the pledge.
- (i) **Disconnection during extreme weather.** A REP having disconnection authority under the provisions of subsection (b) of this section shall not authorize a disconnection for nonpayment of electric service for any customer in a county in which an extreme weather emergency occurs. A REP shall offer residential customers a deferred payment plan upon request by the customer that complies with the requirements of §25.480 of this title (relating to Bill Payment and Adjustments) for bills that become due during the weather emergency.
- (1) The term "extreme weather emergency" shall mean a day when:
 - (A) the previous day's highest temperature did not exceed 32 degrees Fahrenheit, and the temperature is predicted to remain at or below that level for the next 24 hours anywhere in the county, according to the nearest National Weather Service (NWS) reports; or
 - (B) the NWS issues a heat advisory for a county, or when such advisory has been issued on any one of the preceding two calendar days in a county.
 - (2) A TDU shall notify the commission of an extreme weather emergency in a method prescribed by the commission, on each day that the TDU has determined

that an extreme weather emergency has been issued for a county in its service area. The initial notice shall include the county in which the extreme weather emergency occurred and the name and telephone number of the utility contact person.

(j) **Disconnection of master-metered apartments.** When a bill for electric service is delinquent for a master-metered apartment complex:

(1) The REP having disconnection authority under the provisions of subsection (b) of this section shall send a notice to the customer as required by subsection (k) of this section. At the time such notice is issued, the REP, or its agents, shall also inform the customer that notice of possible disconnection will be provided to the tenants of the apartment complex in six days if payment is not made before that time.

(2) At least six days after providing notice to the customer and at least four days before disconnecting, the REP shall post a minimum of five notices in English and Spanish in conspicuous areas in the corridors or other public places of the apartment complex. Language in the notice shall be in large type and shall read: “Notice to residents of (name and address of apartment complex): Electric service to this apartment complex is scheduled for disconnection on (date), because (reason for disconnection).”

(k) **Disconnection notices.** A disconnection notice for nonpayment shall:

(1) not be issued before the first day after the bill is due;

(2) be a separate mailing or hand delivered notice with a stated date of disconnection with the words “disconnection notice” or similar language prominently displayed.

The REP may send the disconnection notice concurrently with the request for a deposit;

- (3) have a disconnection date that is not a holiday, weekend day, or day that the REP's personnel are not available to take payments, and is not less than ten days after the notice is issued; and
 - (4) include a statement notifying the customer that if the customer needs assistance paying the bill by the due date, or is ill and unable to pay the bill, the customer may be able to make some alternate payment arrangement, establish a deferred payment plan, or possibly secure payment assistance. The notice shall also advise the customer to contact the provider for more information.
- (1) **Contents of disconnection notice.** Any disconnection notice shall include the following information:
- (1) The reason for disconnection;
 - (2) The actions, if any, that the customer may take to avoid disconnection of service;
 - (3) The amount of all fees or charges which will be assessed against the customer as a result of the default;
 - (4) The amount overdue;

Box 13326, Austin, Texas, 78711-3326; Telephone: (512) 936-7120 or toll-free in Texas at (888) 782-8477. Hearing and speech

- (6) If a deposit is being held by the REP on behalf of the customer, a statement that the deposit will be applied against the final bill (if applicable) and the remaining deposit will be either returned to the customer or transferred to the new REP, at the customer’s designation and with the consent of both REPs;
 - (7) The availability of deferred payment or other billing arrangements, from the REP, and the availability of any state or federal energy assistance programs and information on how to get further information about those programs; and
 - (8) A description of the activities that the REP will use to collect payment, including the use of consumer reporting agencies, debt collection agencies, small claims court, and other remedies allowed by law, if the customer does not pay or make acceptable payment arrangements with the REP.
- (m) **Reconnection of service.** Upon a customer’s satisfactory correction of the reasons for disconnection, the REP shall request the TDU, municipally owned utility, or electric cooperative to reconnect the customer’s electric service as quickly as possible. The REP shall inform the customer of the approximate reconnection time in accordance with this subsection. If a REP submits a reconnection order with no priority or same day reconnect request and the TDU completes the reconnect the same day, the TDU shall not assess a priority reconnect fee. A TDU may assess a priority reconnect fee only when the customer expressly requests it. A customer’s service shall be reconnected no later than the timelines set forth below:

- (1) For payments made between 8:00 a.m. and 12:00 p.m. on a business day, a REP shall send a reconnection request to the TDU no later than 2:00 p.m. on the same day. The TDU shall reconnect service to that customer that day if possible, but no later than the end of the next utility field operational day after the reconnection request was received by the TDU.
- (2) For payments made after 12:00 p.m., but before 5:00 p.m. on a business day, a REP shall send a reconnection request to the TDU by 7:00 p.m. on the same day. The TDU shall reconnect service to that customer the next day if possible, but no later than the end of the next utility field operational day after the reconnection request was received by the TDU.
- (3) For payments made after 5:00 p.m., but before 7:00 p.m. on a business day, a REP shall send a reconnection request to the TDU by 9:00 p.m. The TDU shall reconnect service to that customer as soon as possible, but no later than the end of the next utility field operational day after the reconnection request was received by the TDU.
- (4) For payments made after 7:00 p.m., but before 8:00 a.m. on the next business day, a REP shall send a reconnection request to the TDU by 2:00 p.m. on the next business day. A REP or aggregator shall not require a residential or small commercial customer as part of the terms of service to engage in alternative dispute resolution, including requiring complaints to be submitted to arbitration or mediation by third parties. A customer other than a residential or small commercial customer may agree as part of the terms of service to engage in alternative dispute resolution, including

requiring complaints to be submitted to arbitration or mediation by third parties. However, nothing in this subsection is intended to prevent a customer other than a residential or small commercial customer to file an informal or formal complaint with the commission if dissatisfied with the results of the alternative dispute resolution.

- (d) **Complaints to REPs or aggregators.** A customer or applicant for service may submit a complaint in person, or by letter, facsimile transmission, e-mail, or by telephone to a REP or aggregator. A customer who is dissatisfied with the REP's or aggregator's review shall be informed of the right to file a complaint with the REP's or aggregator's supervisory review process, if available, and, if not available, with the commission and the Office of Attorney General, Consumer Protection Division. Any supervisory review conducted by the REP or aggregator shall result in a decision communicated to the complainant within ten business days of the request. If the REP or aggregator does not respond to the customer's complaint in writing, the REP or aggregator shall orally inform the customer of the ability to obtain the REP's or aggregator's response in writing upon request.

- (e) **Complaints to the commission.**

- (1) **Informal complaints.**

- (A) If a complainant is dissatisfied with the results of a REP's or aggregator's complaint investigation or supervisory review, the REP or aggregator shall advise the complainant of the commission's informal complaint resolution process and the following contact information for the commission: Public Utility Commission of Texas, Customer Protection Division, P.O. - (2) While an informal complaint process is pending:
 - (A) The REP or aggregator shall not initiate collection activities, including disconnection of service or report the customer's delinquency to a credit reporting agency with respect to the disputed portion of the bill.
 - (B) A customer shall be obligated to pay any undisputed portion of the bill and the REP may pursue disconnection of service for nonpayment of the undisputed portion after appropriate notice.
- (3) The REP or aggregator shall keep a record for two years after closure by the commission of all informal complaints forwarded to it by the commission. This record shall show the name and address of the complainant, the date, nature and adjustment or disposition of the complaint. Protests regarding commission-approved rates or rates and charges that are not regulated by the commission, but which are disclosed to the customer in the terms of service disclosures, need not be recorded.
- (4) **Formal complaints.** If the complainant is not satisfied with the results of the informal complaint process, the complainant may file a formal complaint with the commission within two years of the date on which the commission closes the informal complaint. This process may include the formal docketing of the complaint as provided in §22.242 of this title (related to Complaints).

§25.488. Procedures for a Premise with No Service Agreement.

- (a) **Applicability.** This section applies to all retail electric providers (REPs).

 - (B) What actions the occupant must take if that occupant believes the notice is in error or desires to establish service with the REP; and
 - (C) A statement that informs the occupant of the right to obtain service from another licensed REP and that information about other REPs can be obtained from the commission.

§25.491. Record Retention and Reporting Requirements.

- (a) **Application.** This section does not apply to a municipally owned utility where it offers retail electric power or energy outside its certificated service territory or to a retail electric provider (REP) that is an electric cooperative.
- (b) **Record retention.**
- (1) Each REP and aggregator shall establish and maintain records and data that are sufficient to:
