

Please note: The State of Texas is building a pedestrian only accessible green space between the Texas Capitol and Martin Luther King Blvd. Since traffic patterns are subject to change, please be advised to allow extra travel time when attending Open Meetings at the Public Utility Commission. The parking garage at the [Bob Bullock Museum](#) will remain open as will the [Capitol Visitors Parking Garage](#) at 1201 San Jacinto Blvd. More information about the [State of Texas Capitol Complex Master Plan](#) is available online courtesy of the Texas Facilities Commission.
