**PUBLIC UTILITY COMMISSION OF TEXAS**  
**REQUEST FOR PROPOSALS NO. 473-16-001681**

**FOR ASSISTANCE REVIEWING THE CHANGE IN CONTROL FILING  
OF ENERGY FUTURE HOLDINGS CORPORATION**

**SECTION 1 – INTRODUCTION**

The Public Utility Commission of Texas (PUCT or Commission) is issuing a Request for Proposals (RFP) for an entity to provide technical consulting services as a consulting expert, and possibly as a testifying expert, in order to assist the PUCT in its review of the change in control filing(s) that Energy Future Holdings Corporation (EFH) may file with the PUCT in 2017 through 2021, as well as any other proceedings related to the EFH change of control filing. At a minimum, the entity will assist the Commission in discharging its mandate to determine whether the transaction is consistent with the public interest pursuant to the Public Utility Regulatory Act (PURA) sections 39.262 and 39.915, as well as any other legal and/or factual determinations that are necessary as part of the Commission’s review of the EFH transaction.

The work shall include reviewing and evaluating EFH’s change in control filing and participating as necessary in the contested case proceeding on behalf of Commission Staff (Contested Case Services). This work shall begin immediately upon contract execution and shall end after the contested case proceeding(s) and any subsequent compliance proceedings are concluded at the PUCT, which will likely be some time in 2017.

**SECTION 2 – ELIGIBLE PROPOSERS**

Each proposer must demonstrate experience in the review of acquisitions, mergers, or financial restructurings of regulated electric utilities as well as experience in bankruptcy matters and the effect on the electric utility of actual or potential liabilities at a holding company level. Proposers should also demonstrate their experience in connection with reviewing proposed financing, the proposed organization of the resulting company, and codes of conduct or other measures that ensure non-discriminatory service from a regulated entity. Specific areas of experience and competence include acquisition financing, company organization (including legal and management issues), business separation and codes of conduct, and financial independence.

In connection with Contested Case Services, proposers must demonstrate experience in participating in proceedings regarding regulated entities, including experience in providing testimony, participating in the discovery process, and all other aspects of contested proceedings.

Proposers **must** have a minimum of 5 years’ experience similar to that described in Attachment A, Statement of Work (SOW). An entity or company with fewer than 5 years’ experience is eligible to submit a proposal if key personnel on the proposal team (including subcontractors) have the minimum required experience. Proposers who do not meet this requirement are not eligible for award.

The PUCT encourages Historically Underutilized Businesses (HUBs) to compete for this award.

### **SECTION 3 – AUTHORITY**

**Please note: Mr. Stone is the only permitted point of contact. Contact or attempted contact with other PUCT employees, including Commissioners and their staffs, may result in a proposer’s immediate disqualification.**

The PUCT will post additional information, responses to written questions, RFP modifications, and addenda on the PUCT and ESBD websites. It is the responsibility of interested parties to periodically check the websites for updates to the procurement prior to submitting a bid. The proposer’s failure to periodically check the ESBD and the PUCT’s websites will in no way release the selected vendor from requirements described in addenda or additional information, which could result in additional costs to meet the requirements of the contract.

Proposers should check both websites often to ensure they have the most current information.

### **6.1 Number and Appearance**

The proposal submission shall include an information sheet that clearly states the name of the proposer; the name, address, and telephone number of the proposer's point of contact; the project number; and the RFP title and number. The information sheet must be the first page before the sealed proposal submission. Upon receipt of proposals, the PUCT will file the information sheets in Project No. 46244. All parts of the proposal following the information sheet shall be submitted in an envelope or other sealed container that is marked with the proposer's name and "Project No. 46244: CONFIDENTIAL."

Proposers shall submit one (1) copy of their proposal clearly marked "Original" with an original signature and 4 additional hard copies of their proposal. Proposers shall also submit one (1) electronic copy of the complete proposal on a compact disk or flash drive in Microsoft Word. **Information required by Section 7.4 Compensation shall be included only in the original and electronic copy. No price information shall be included in any other portion of the response.** The 4 hard copies of the proposal shall be identical to the original except for omitting the price information.

Proposals shall be written only on 8 ½" x 11" white paper using double or 1.5 spacing, and 12-point or larger Times New Roman font.

Proposals shall include all required attachments and certifications. The PUCT will not accept attachments and certifications submitted after the deadline. Failure to provide all required information shall make the proposal non-responsive and thus disqualified from consideration.

Proposals shall be bound in a three-ring binder.

Proposers shall not use the state seal or the PUCT seal in or on the proposal.

Proposals shall be free of any extrinsic items.

**Proposals are limited to 100 pages, including all attachments and certifications, but excluding section tabs or dividers. Proposals longer than 100 pages may be subject to immediate rejection without review. Evaluation team members will not read past the 100th page.**

## **SECTION 7 – PROPOSAL CONTENTS**

Proposals shall include the contents outlined below with each section marked with an index tab. Within each section, pages shall be consecutively numbered. The PUCT may reject a proposal that fails to include required contents.

### **7.1 Statement of the Requirements**

Each proposer shall succinctly state its understanding of this RFP's requirements and describe how it would perform the tasks described in Attachment A, SOW.

### **7.2 Competence and Knowledge**

Each proposer shall demonstrate the competence and knowledge to fulfill the requirements identified in Attachment A, SOW. The proposer should also describe any prior experience in providing similar services. The proposer shall describe methods they intend to use to develop and implement these services and an organizational chart identifying the functions and reporting relationships of the personnel who would be assigned to this work.

### **7.3 Qualifications**

For each person a proposer identifies to perform the work described in this RFP, provide a detailed resume that describes the services they would perform, their qualifications, and their experience.

### **7.4 Compensation**

Each proposal also shall include a fee to provide the Contested Case Services identified in the Attachment A. Proposers should structure the proposed fee as an hourly fee for professional services.

If a proposer believes that additional work is required to meet the PUCT's goals, the proposer should identify the additional work and the associated price to accomplish that additional work. The PUCT requires proposers to demonstrate how elements of the price correspond to elements of the proposed work plan.

### **Please note:**

**Compensation for the Services outlined in Attachment A, SOW, will be based on the price proposal accepted by the agency. Unless otherwise approved in writing by the PUCT, payments will be made based on the invoicing and payment terms of the resulting contract. The PUCT will not reimburse any out-of-pocket expenses or expenses not contemplated at the time of contract execution.**

### **7.5 References**

Each proposer shall provide at least three references, including contact information with email. The PUCT prefers references from clients for whom the proposer has performed similar work, including other state commissions or boards. Do not use the PUCT or any individuals employed by the Commission as a reference. Any negative responses received may be grounds for disqualification of the proposal.

## **7.6 Statement on Potential Conflicts of Interest and Prohibited Relationships**

Proposers must be neutral and impartial, must not advocate specific positions to the PUCT, and must not have a direct financial interest in the provision of electric, telephone, water or sewer service in the state of Texas. Proposers (including all employees and sub-contractors of proposers) must identify any personal or business relationships with any electric, telecommunications, water or sewer utility or utility affiliate operating in Texas or any company participating in, or having a pending application at the PUCT to enter, the Texas retail electric market, telecommunications market, or water or sewer utility market. Proposers must identify the extent, nature, and time aspects of those relationships. Entities having a conflict of interest, as determined by the PUCT, will not be eligible for contract award.

**If a proposer does not have any known or potential conflict of interest, the proposal must include such a statement. Failure to provide either a statement describing potential conflicts of interest or a statement that no potential conflicts exist shall automatically disqualify the proposer. This statement shall be signed before a notary public by the highest-ranking officer of proposer's entity having responsibility for vetting corporate conflicts of interest, e.g. a corporate executive vice president rather than the head of an operating or regional unit of the firm. If the circumstances described by a proposer change or additional information is obtained subsequent to submission of proposals, the proposer must supplement its response under this provision as soon as reasonably possible upon learning of any change to their affirmation.**

The PUCT will determine whether a conflict of interest or the perception of a conflict of interest exists from the perspective of a reasonable person uninvolved in the matters covered by the resulting contract. The PUCT is the sole arbiter of whether a conflict or the appearance of a conflict of interests exists. The PUCT encourages proposers to provide complete disclosure of matters that might be considered a conflict of interest. The PUCT may consider completeness of disclosure in evaluating whether a conflict of interest or the appearance of a conflict of interest exists.

Each proposer shall address how the proposer intends to ensure that no interest arising or potentially arising as a result of its activities or those of its parent, affiliate, or other related entity will conflict with proposer's duty should it be selected to provide the services described in Attachment A, SOW.

Each proposer shall identify its lobbyists registered with the Texas Ethics Commission and their compensation and shall include a statement describing what involvement, if any, the lobbyists shall have in connection with (1) this engagement and (2) electric utility, telecommunication utility, water utility and/or sewer utility legislation and policy.

The PUCT is restricted in its ability to enter into contracts with former PUCT employees, Commissioners, or Executive Directors and entities that employ those individuals by Section 669.003. Persons who have been employed by the PUCT or by another state agency in Texas fewer than four years ago shall disclose in the proposal the nature of previous employment with the state agency and the date the employment ended.

## **7.7 Historically Underutilized Business Certification and Required HUB Subcontracting Plan**

If the proposer is HUB certified by the Texas Comptroller of Public Accounts or the former Texas Building and Procurement Commission, now known as the Texas Procurement and Support Services Division (TPASS), the proposer shall submit a copy of its HUB certificate.

In accordance with Texas Government Code Section 2161.252, the PUCT has determined that

subcontracting opportunities are probable under this contract. Therefore, proposers, including State of Texas certified Historically Underutilized Businesses (HUBs), must complete and submit a State of Texas HUB Subcontracting Plan (HSP) with their solicitation response if the total dollar amount of the proposal response is greater than \$100,000. Proposers must complete and submit their signed HUB Subcontracting Plan (HSP) with their solicitation response.

**Note: Responses that do not include a complete HSP shall be rejected pursuant to Texas Government Code Section 2161.252(b). See Attachment C.**

### **7.8 Required Certifications**

**Proposals must contain a signed statement certifying that:**

- A. All statements and information prepared and submitted in response to the RFP are current, complete and accurate;
- B. The proposer has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this proposal;

Section 1, et seq. and Texas Business & Commerce Code Section 15.01, et seq.;
- E. The proposer has not received compensation from the PUCT, or any agent, employee, or person acting on the PUCT's behalf for participation in the preparation of this proposal pursuant to Texas Government Code § 2155.004(a);
- F. The proposer is in compliance with Texas Government Code Section 669.003, relating to contracting with the current or former executive head of a state agency. If the proposer is a current or former executive head of a state agency or employs or contracts with a current or former head of a state agency, the proposer shall provide (1) the executive's name; (2) the name of the state agency; (3) date of separation from the state agency; (4) current position with proposer; and (5) date employment with proposer began;
- G. The proposer is not ineligible for contract award under Texas Government Code Section 2155.006 and acknowledges that any contract may be terminated and payment withheld if this certification is or becomes inaccurate; and
- H. The proposer played no part in the development or drafting of this RFP.
- I. If a Texas address is shown as the address of the proposer, proposer either (i) qualifies as a Texas Resident Bidder as defined in Texas Administrative Code, Title 34, Part 1, Chapter 20, or (ii) has included in the proposal a statement that proposer does not qualify as a Texas Resident Bidder.

### **7.9 Other**

Proposer shall provide an audited financial statement that demonstrates proposer is financially capable and possesses sufficient resources to sustain a project of this size throughout the duration of the contract.

Proposer shall provide its 9-digit Federal Employer's Identification Number (EIN) or 5-digit State of Texas Vendor's Identification Number (VIN).

Pursuant to Texas Family Code Section 231.006, proposer shall include the name and social security number of the individual or sole proprietor and each partner, shareholder, or owner with an ownership interest of at least 25% of the business entity submitting the bid or application.

## **SECTION 8 – CONDITIONS**

- 8.1** All proposals and copies of proposals become the property of the PUCT upon receipt.
- 8.2** The PUCT reserves the right to reject any and all proposals, to amend this RFP, and/or cancel this RFP at any time. After the proposal due date, amendments to the RFP shall be sent only to proposers who submitted a proposal.
- 8.3** Neither the PUCT nor the State of Texas shall reimburse any proposer for any costs related to preparing a response to this RFP.
- 8.4** The PUCT reserves the right to negotiate all or portions of any proposal tentatively selected for award, including the proposed fee. The PUCT may request a best and final offer. The PUCT may request an oral presentation or other additional information from one or more proposers.
- 8.5** Proposers understand and agree that no public disclosures or news releases pertaining to this RFP, any subsequent contract, or any results or findings based on information provided or obtained to fulfill the requirements of this RFP or subsequent contract shall be made without prior written approval of the PUCT.
- 8.6** Proposers understand that any proposal may be withdrawn in writing before the deadline for receipt of proposals. The PUCT will not return withdrawn proposals. Proposers further agree that any proposal that is not withdrawn shall constitute an irrevocable offer to provide the services set forth in Attachment A, SOW, for the shorter of: a period of 90 days from the RFP closing date or until the PUCT has made a selection.
- 8.7** The PUCT reserves the right to seek proposal clarification from any proposer to assist in making decisions. Conference calls and/or a meeting and presentation by selected proposers may be called by the PUCT and held in Austin to obtain further information. Any cost incurred by the proposer for the meeting and presentation shall be borne solely by the proposer and the presentation shall become the property of the PUCT.
- 8.8** Section 2155.077 of the Texas Government Code provides that a vendor may be barred from participating in state contracts that are subject to Subchapter B, General Purchasing Requirements, Procedures, and Programs including contracts for which purchasing authority is delegated to a state agency. If a proposer is barred from participating in state contracts, its proposal shall be disqualified and shall receive no further consideration.
- 8.9** For each purchase of goods or services for which a state agency is required to use the best value standard, the state agency is required to input into the statewide vendor tracking system information about whether the vendor satisfied that standard. At the end of the contract, the PUCT shall input the required information about the contractor's

performance. Likewise, when PUCT is evaluating proposals, each proposer's past performance will be measured based upon pass/fail criteria, in compliance with applicable provisions of Texas Government Code Sections 2155.074, 2155.075, 2156.007, and 2157.125.

Proposers may fail this selection criterion for any of the following conditions:

- 1) Having a score of less than 90% in the Vendor Performance System;
- 2) Being currently under a Corrective Action Plan through the Texas Comptroller of Public Accounts (CPA);
- 3) Having repeated negative Vendor Performance Reports for the same or similar reason;  
or
- 4) Having purchase orders that have been cancelled in the previous 12 months for non-performance (e.g. late delivery, etc.).

Contractor performance information is located on the CPA web site at:

[http://www.window.state.tx.us/procurement/prog/vendor\\_performance/](http://www.window.state.tx.us/procurement/prog/vendor_performance/).

CPA may conduct reference checks with other entities regarding past performance. In addition to evaluating performance through the Vendor Performance Tracking System (as authorized by 34 Texas Administrative Code § 20.108), CPA may examine other sources of vendor performance including, but not limited to, notices of termination, cure notices, assessments of liquidated damages, litigation, audit reports, and non-renewals of contracts. Any such investigations shall be at the sole discretion of CPA, and any negative findings, as determined by CPA, may result in non-award to the proposer.

## **SECTION 9 – SELECTION CRITERIA**

The PUCT shall make the selection and award on the basis of the proposer's demonstrated knowledge, competence, and qualifications to provide the services described in Attachment A, SOW, as indicated in the table below. The criteria are listed in the order of importance to the PUCT.

### **A. Proposal Quality 30%**

1. Clear understanding of Statement of Work
2. Thoroughness and practicality of approach
3. Clarity regarding proposal objectives and quality of proposed approach for meeting those objectives
4. Creativity and balancing of complex issues

### **Competence and knowledge 40%**

1. Demonstrated competence and experience
2. Management Structure
3. Assigned staffing qualifications

### **B. Proposed Compensation 30%**

All other factors being equal, preference shall be given to a proposer who is incorporated in Texas, whose principal place of business is in the state, or who has an established physical presence in the state.

### **SECTION 10 – REVIEW OF PROPOSALS**

The PUCT will assemble an evaluation team that will begin proposal evaluation as soon as practicable after the submission deadline. Evaluation team members will score each proposal individually using the criteria stated above. After individual scoring, the evaluation team will meet and discuss the proposals and will make a recommendation for selection or a recommendation to take further action. **No information will be provided to proposers about the status of the proposals while they are under evaluation.**

After the evaluation team ranks each proposal based on individual scores, the evaluation team may pose clarifying questions of, or ask for best and final proposals from, the highest-ranked proposers. The evaluation team may also hold discussion sessions with the highest-ranked proposers. The team may rate proposals again following questions, requests for best and final proposals, or oral presentations/discussion sessions.

Final recommendations will be presented to the Executive Director of the Public Utility Commission of Texas. The Executive Director may (1) approve the recommended selection in whole or in part, (2) disapprove the recommendation, or (3) defer action on the selection.

The PUCT will begin contract negotiations shortly after notification. The PUCT's standard contract terms are found in Attachment B. The successful proposer may offer changes to these terms or additional terms in their proposal, but the PUCT may reject them in our sole discretion. The parties will negotiate a final schedule for performance that will be incorporated into the final contract.

The PUCT will notify each proposer of the final action taken upon execution of contract with the selected proposer.

### **SECTION 11 – CONTRACT TERM**

The contract shall begin on December 1, 2016, and shall continue in effect until November 30, 2020, unless terminated earlier as provided under the terms of the contract.

### **SECTION 12 – TEXAS PUBLIC INFORMATION ACT**

Following award of a contract, all proposals are public information and subject to release. Some information in proposals may not be subject to release because it is confidential business or financial information or a trade secret. Proposers are advised to consult legal counsel regarding disclosure issues and to take appropriate precautions to safeguard trade secrets and any other proprietary information, including copyrighted information. If a proposer believes that parts of its proposal are confidential, then the proposer **MUST** stamp the term “**CONFIDENTIAL**” in bold on the part(s) of the proposal that the proposer believes to be confidential.

If the PUCT receives a request for any information submitted to the PUCT in connection with this RFP, the PUCT will follow the requirements of the Texas Public Information Act (Texas Government Code Chapter 552) by notifying proposers and the Office of the Attorney General. The PUCT assumes no obligation for asserting legal arguments on behalf of proposers. The PUCT may release parts of proposals that are **not** marked confidential without notifying the proposer.

**ATTACHMENT A**  
**STATEMENT OF WORK**

The contractor will provide technical consulting services related to the change in control filing that the PUCT expects Energy Future Holdings Corporation (EFH) may file, as well as any related proceedings that may be necessary as determined by the Commission. The contractor will participate in the contested case proceedings as necessary, including evaluating the proposed EFH transaction, submitting pre-filed written testimony, responding to discovery, testifying at hearings, and assisting Commission Staff with its general litigation activities in connection with the EFH transaction. Contractor's participation as an expert in contested case proceedings will be at the discretion of the PUCT Contract Administrator. The contractor shall also provide technical support and evaluation services described below.

An understanding of the PUCT's order in PUCT Docket No. 34077, including the "ring fence" provisions of that order and the related stipulation described below, Oncor's governance structures, financial relationships, and operations, the financial relationships, governance structures, and operations within the Energy Future Holdings Corporation and affiliates, shall be necessary to analyze and evaluate properly the proposed EFH transaction.

The contractor should anticipate and understand the potential liabilities, including adverse tax consequences, which may result from continuing developments within the EFH bankruptcy, including the separation of TXU Energy and Luminant from EFH. The contractor should understand what effects these developments may have on Oncor's financial stability and be able to suggest ways to protect Oncor from such effects.

The contractor should be familiar with the likely corporate and ownership structures that Oncor may take, including as a Real Estate Investment Trust, as well as the related tax attributes of each structure. The contractor should also be able to identify the financial and operational costs and benefits associated with each of the likely corporate and ownership structures.

Background Information: On April 29, 2014, EFH filed a Chapter 11 bankruptcy proceeding in the U.S. Bankruptcy Court for the District of Delaware (Case No. 14-10979 (CSS)). One of EFH's affiliates is Oncor Electric Delivery Company (Oncor). Oncor is a transmission and distribution utility that is regulated by the PUCT. Oncor is not part of the EFH bankruptcy.

Oncor's ultimate parent company, EFH, was formed following the 2007 leveraged buyout of the former TXU Corporation. Because Oncor is subject to PUCT jurisdiction, the companies involved in the merger sought and obtained a determination from the PUCT that the merger was in the public interest pursuant to Public Utility Regulatory Act (PURA) §14.101. As part of the §14.101 proceeding before the PUCT, the buyers agreed to a number of commitments which were intended to keep Oncor totally separate from EFH's power generation and retail units. This segregation is built into the "ring fence" provisions of the PUCT's order in PUCT Docket No. 34077, which were designed to protect Oncor and Oncor's retail customers from financial problems in other aspects of the business. (Proposers may review the documents filed in PUCT Docket No. 34077 by logging into the PUC Interchange. To do so, go to the "Filings Search" page at:

<http://interchange.puc.texas.gov/WebApp/Interchange/application/dbapps/login/pgLogin.asp>

Click on "Filings Search." The next screen is the PUC Filing Locator. In the "Control Number" field, enter 34077, then click on "Search.").

In its bankruptcy filing, EFH has acknowledged that it may need to seek certain regulatory approvals as part of its restructuring process. The first change of control proceeding filed was Docket No. 45188 styled Joint Report and Application of Oncor Electric Delivery Company LLC, Ovation Acquisition I, LLC, Ovation Acquisition II, LLC, and Shary Holdings LLC for Regulatory Approvals Pursuant to PURA §§ 14.101, 37.154, 39.262(l)-(m), and 39.915. A hearing on the merits in this docket was held before the Commission on January 11-14, 2016. The Commission entered an order in the docket on March 24, 2016. (Proposers may review documents filed in PUCT Docket No. 45188 by logging into the PUC Interchange at the link above, and search for Control Number 45188.) The PUCT anticipates that EFH will file one or more additional change of control proceedings between now and the end of 2017 seeking approval. In the next change in control proceeding(s), the PUCT anticipates that EFH will again seek PUCT approval of the change in controlling interest in Oncor that may occur as a result of EFH's proposed restructuring or modifications to the proposed restructuring ordered by the bankruptcy court.

### Services

As part of the technical consulting services related to the proceedings associated with the EFH transaction described above, the contractor will undertake, but is not limited to, the following tasks as deemed necessary by the Commission Staff:

- review and evaluate EFH's change in control filing(s) and the proposed EFH transaction's potential impact on the public interest, Oncor, Oncor's parent company and Oncor's retail customers in Texas and provide a written evaluation with conclusions and recommendations on modifications that may be needed to protect the public interest;
- review and evaluate the change in control filing(s) to determine the need for continuation, modification or additions to the existing "ring fence" provisions applicable to Oncor;
- review and evaluate the need for any commitments made by the new owners of Oncor concerning, among others, financing and reorganization;
- review the effect, if any, the proposed transaction will have on Oncor as a separate legal entity from EFH, and EFH affiliates including Energy Future Intermediate Holding Company (EFIH), Texas Competitive Electric Holdings Company (TCEH), TXU Energy and Luminant;
- review the effect, if any, of the bankruptcy court allowing TXU Energy and Luminant to be sold and leave bankruptcy, as well as the resulting effect on Oncor of any tax or other liabilities remaining at EFH;
- review the separation of management and staff of Oncor from the management and staff of EFH, TXU Energy and Luminant;
- review the proposed transaction(s) to ensure Oncor's continued financial independence from EFH, TXU Energy and Luminant;
- make a determination whether the proposed transaction(s) provides reasonable assurance that Oncor will be in compliance with PURA and the PUCT's rules relating to, among other

things, the separation of competitive and regulated businesses that are under common ownership and the Commission's code of conduct rules (*see* <http://www.puc.state.tx.us/rules/subrules/electric/index.cfm>)

- make a determination whether Oncor will be sufficiently capitalized based on the capital needs for providing transmission and distribution service in its service area and managing the risks associated with providing such service; and
