<b>TEL-ASSISTANCE SERVICE</b>	<b>§</b>	<b>OF TEXAS</b>

**PROPOSAL FOR PUBLICATION AS APPROVED AT THE  
OCTOBER 31-NOVEMBER 1, 2001 OPEN MEETING**

The Public Utility Commission of Texas (commission) proposes an amendment to §26.401 relating to Texas Universal Service Fund (TUSF), the repeal of §26.413 relating to Tel-Assistance Service, and an amendment to §26.417 relating to Designation as Eligible Telecommunications Providers to Receive Texas Universal Service Funds (TUSF). The repeal of §26.413 is necessary as a result of House Bill 2156, 77th Legislative Session (HB 2156), that eliminated the Tel-Assistance Program effective September 1, 2001. HB 2156 required telecommunications carriers to convert all Tel-Assistance customers to Lifeline Service as of September 1, 2001; therefore §26.413 is no longer necessary. The proposed amendments to §26.401 and §26.417 remove references to §26.413, Tel-Assistance, and propose other non-substantive changes. Project Number 24523 is assigned to this proceeding.

Janis Ervin, Senior Utilities Analyst, Telecommunications Division, has determined that for each year of the first five-year period the proposed sections and repeal are in effect there will be no fiscal implications for state or local government as a result of enforcing or administering the sections.

Ms. Ervin has determined that for each year of the first five years the proposed sections and repeal are in effect the public benefit anticipated as a result of enforcing the sections as amended and the repeal will be the elimination of a rule no longer applicable to telecommunications carriers and the removal of references to the repealed section. There will be no effect on small businesses or micro-businesses as a result of enforcing these amended sections and repeal. There is no anticipated economic cost to persons who are required to comply with the amended sections and repeal as proposed.

Ms. Ervin has also determined that for each year of the first five years the proposed sections and repeal are in effect there should be no effect on a local economy, and therefore no local employment impact statement is required under Administrative Procedure Act §2001.022.

Comments on the proposed amendments and repeal (16 copies) may be submitted to the Filing Clerk, Public Utility Commission of Texas, 1701 North Congress Avenue, P.O. Box 13326, Austin, Texas 78711-3326, within 30 days after publication. Comments should be organized in a manner consistent with the organization of the proposed rules. The commission invites specific comments regarding the costs associated with, and benefits that will be gained by, implementation of the proposed section. The commission will consider the costs and benefits in deciding whether to adopt these sections and the repeal. All comments should refer to Project Number 24523.

The amendments and repeal are proposed under the Public Utility Regulatory Act, Texas Utilities Code Annotated §14.002 (Vernon 1998, Supplement 2001) (PURA), which provides the Public Utility Commission with the authority to make and enforce rules reasonably required in the exercise of its powers and jurisdiction; and specifically, 2001 Texas Session Laws, HB 2156 (Vernon's), 77th Legislature, Regular Session, Chapter 1451, §4, that discontinues the Tel-Assistance Program.

Cross Reference to Statutes: Public Utility Regulatory Act §§14.002, 55.015, and 56.021.

**§26.401. Texas Universal Service Fund (TUSF).**

- (a) **Purpose.** The purpose of the Texas Universal Service Fund (TUSF) is to implement a competitively neutral mechanism that enables all residents of the state to obtain the basic telecommunications services needed to communicate with other residents, businesses, and governmental entities. Because targeted financial support may be needed in order to provide and price basic telecommunications services in a manner to allow accessibility by consumers, the TUSF will assist telecommunications providers in providing basic local telecommunications service at reasonable rates in high cost rural areas. In addition, the TUSF will reimburse qualifying entities for revenues lost as a result of providing Lifeline ~~and Tel assistance~~ services to qualifying low-income consumers under the Public Utility Regulatory Act (PURA); reimburse telecommunications carriers providing statewide telecommunications relay access service and qualified vendors providing specialized telecommunications devices and services for the disabled; and reimburse the Texas Department of Human Services, the Texas Department of Housing and Community Affairs, the Texas Department for the Deaf and Hard of Hearing, the TUSF administrator, and the Public Utility Commission for costs incurred in implementing the provisions of PURA Chapter 56 (relating to Telecommunications Assistance and Universal Service Fund).

(b) **Programs included in the TUSF.**
